Re: Serial Number 10/781,836

Enclosed is a copy of a post card that was submitted with the subject patent application. In a telecom you stated that the subject Patent application would be reviewed by you in 4 to 6 weeks. That is sufficient, however it is not known what happened to the Petition to Make Special. Normally we receive a notice that the petition has been granted or not granted. We have not had any communication about the P.M.S. whatsoever. Maybe it was lost somewhere along the line. Since the client paid for the P.M.S. he is asking what happened to the Petition.

The Official Date Stamp of the Patent and Trademark Office will serve to acknowledge the receipt of a Petition to make Special for Exercise Apparatus by Dean Tornabene, Serial Number 10/781836, filed 02/20/04 and check No. 129 in the amount of \$130.
